Easiest Install Yet

There are never complex installations with ACT365. You can add a controller without stepping off the ladder, commission a system on your own, and you'll never need to install software on a server again!

Remote Diagnostics and Servicing

ACT365 provides you with remote access to the customer's site through a choice of either an Installer Portal or a dedicated Installer App for your phone, delivering you ultimate control while saving you time and money!

Recurring Revenue

ACT allows you to earn additional recurring revenue as you can charge an annual fee for the hosting and the remote management of your customers ACT365 system.

ACT365 is a complete Cloud-based access control and video management solution. With access to all your sites from one online interface, you can provide remote maintenance from anywhere, at any time. This allows you to get more done, more easily, and in less time!

Benefits at a glance

- ✓ Installer portal and app enable remote management of multiple customers and sites from a single interface
- ✓ Remote diagnostics and servicing on voltage, mains, PSU, etc.
- ✓ No Software to install
- ✓ API for simple integrations with third party software
- ✓ Recurring revenue opportunities
