

## Don't miss our ACT Training Roadshow

Coming to a town near you!

Our ACT training roadshow events are taking place between September and October. The sessions will last for approximately half a day and aim to teach you all you need to know about Vanderbilt's ACT access control system.

### For instance, did you know?

- ✓ **ACT is easy to install:** Simple to fit, IP or Hardwired, PSU, POE++ - the choice is yours. Auto discovering door controllers allow online usage in minutes
- ✓ **ACT will save you money:** By choosing ACT, you're guaranteed to gain competitive margins. At Vanderbilt, we always create opportunities for our customers to benefit from.

- ✓ **ACT has a one of a kind Rules Mapping Engine:**  
The most straightforward "Cause and Effect" management system in Access Control
- ✓ **ACT includes PoE Ultra controllers:** All power requirements are delivered directly from the controller, which is powered over the ethernet
- ✓ **ACT's smartphone app helps with remote monitoring:** Gain control of your access control system while you're on the move
- ✓ **ACT integrates with top Video brands:** Seamless integration with some of the world's biggest brands like Milestone and Hikvision

Attend and Get **FREE** ACT start kit!

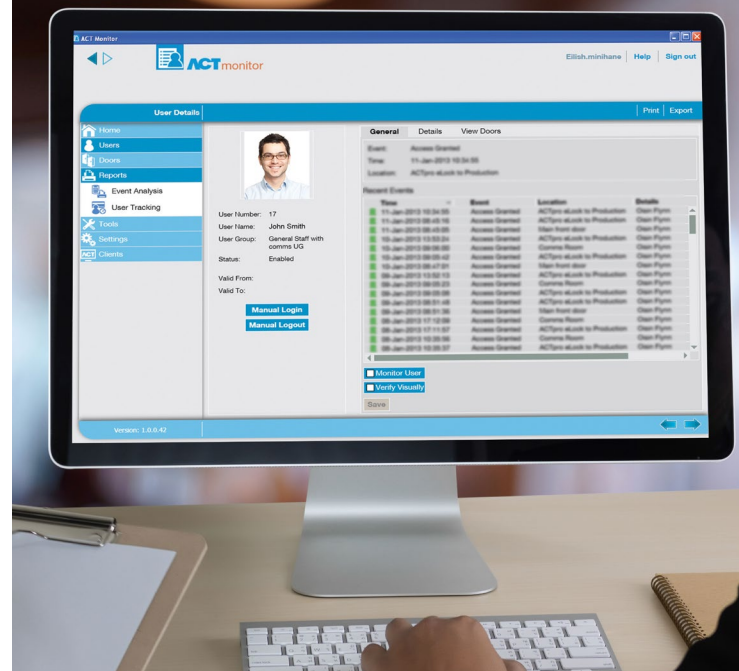

As well as learning all you need to know about our award-winning and cost-effective ACT system from an accredited ACT trainer, every attendee will receive a **FREE ACT controller, VR50 mullion reader with keypad, and 10 fobs** for attending.

Moreover, the cost of registration for each event is just **SEK 500 per attendee**. You can register directly with the Wholesaler, or through our Events landing page at [www.vanderbiltindustries.com/events/act-training](http://www.vanderbiltindustries.com/events/act-training).

Demo kit			Amount
V54502-C110-A100	ACT Pro 1520e	ACT Pro IP-Door Controller w. PSU	1
V54504-F112-A100	VR50M-MF	Mullion Mifare reader w. keypad	1
