ACTE-BT	P54508-P124-A100	ACTE-BT Bluetooth Licence
BLUE-EX	N54504-Z164-A100	BLUE-EX Door Exit Button

B – Product description

**BLUE-A, BLUE-B, BLUE-C, BLUE-D Bluetooth reader**

Vanderbilt’s range of Bluetooth Readers is a secure and flexible identification solution bringing the access credential to Android™ and iOS® smartphones.

Bluetooth® Low Energy (BLE) is transforming the future of access control and removes the need for a physical card or tag. Simultaneous support of smartphones and a wide range of smart cards bridges the gap from traditional access credentials to cardless mobile access control and allows a seamless integration into existing locations.

	<p>Available communication interfaces:</p> <ul style="list-style-type: none"> <li>• BLUE-A: Wiegand</li> <li>• BLUE-B: Wiegand (with keypad)</li> <li>• BLUE-C: OSDP</li> <li>• BLUE-D: OSDP (with keypad)</li> </ul>
	<p><b>ACTE-BT Bluetooth Licence</b>                  ACTE-BT is Vanderbilt’s perpetual add-on licence to create and manage mobile credentials in ACT Enterprise.</p> <p>The number of mobile credentials per Bluetooth licence is 1 and the minimum order quantity is set to 10.</p>
	<p><b>BLUE-EX Door Exit Button</b>                  The BLUE-EX door exit button facilitates non-contact door release for applications where high standards of hygiene are required. It is designed in the same look and feel as the Bluetooth reader range to round off the family offering.</p>
