

ACT365

Integrated Security
Anytime, Anywhere

ACT

Introducing ACT365

Integrated Security, Anytime, Anywhere

- ACT is known for high-quality, reliable products, and a friendly, knowledgeable support staff. ACT365 combines the latest in cloud technology with over 20 years of working closely with security professionals, specifiers and end users.
- ACT365 delivers seamless integration between access control and video management accessible from anywhere, at any time and on any device.
- ACT365's clever architecture allows you to centrally manage all of your sites from one intuitive interface. A GSM module can be used to provide ACT365 with connectivity in remote or temporary locations.
- ACT365 is designed using a mobile responsive interface ensuring it will work on any PC, tablet or smart phone. A Mobile App for iOS and Android allows you to quickly disable users, view cameras or open a door.

Benefits of ACT365

Integrated Access Control and Video Management

- Access Control – Regulate access to protect staff and property.
- Video Management – Live View and Video Playback.
- Access Control Reports & Alarms with Video Evidence.

Cloud Based Muster Reporting (Health & Safety)

- Utilise real time muster reporting on a Tablet or a Smart Phone.
- No need to wait for an emergency list to print.
- Call employees from smart phone (IOS, Android)

Access from Anywhere, Anytime and on any Device

- ACT365 allows the user to watch video footage, disable a user or open a door from any device at any time (PC, Laptop or Smart Phone).
- Stay truly connected to your business wherever you are.

Multiple Sites

- Manage all your sites and users from a unified friendly interface.
- Deploying ACT365 across multiple sites is extremely cost effective. There is no need to purchase a local PC for each site.
- Unlimited sites and users.

No IT Investment or Headaches

- No Server/PC required.
- No back ups required.
- No costly IT resources required.

Multiple Sites – Retail/Restaurants

Your Need:

- Reduce shrinkage and theft
