Half-Price on Industrial Power Supply

When You Buy Any Industrial Switch!

ComNet's latest product offering is available to all customers across all regions and delivers exceptional value. Anyone that buys any industrial switch will receive the industrial power supply at half-price. This offer is available from 1 February to 31 March.

Half-Price Industrial Power Supplies are:

- ✔ **PS-AMR1 series**
- ✔ **PS-AMR2 series**
- ✔ **PS-DRA series**

Ethernet-based security networks perform a critical role in security. Therefore, the highest level of control and management must be achieved to keep the network functioning optimally. ComNet has a complete line of environmentally hardened industrial switches.

Systems demand continuous dependable network functionality. As ComNet is so confident in the performance of our industrial switches that we can back them with a no questions-asked Limited Life Warranty.

Get in touch with your local ComNet sales representative today to avail of this great value offer!
