Eventys AX DVR

High definition analog Video surveillance
from Vanderbilt

vanderbiltindustries.com

Vanderbilt Eventys AX DVR

Gathering all the advantages of digital video surveillance in a single compact unit, Eventys AX can record up to 16 analog cameras, and 2 IP cameras virtually anywhere. Eventys AX also provides flexible control, efficient H.264 compression, and powerful search functions - that's more storage, better images and easier access - all for less cost from a supplier that delivers end-to-end security solutions.

High-quality images

Eventys AX delivers higher-quality images, smaller file sizes, and more efficient streaming over limited bandwidth connections. Its HDTV support capability makes it easy to upgrade to a HD system leveraging existing cable infrastructure.

Easy operation

The graphical user interface is easy to use allowing almost instant operation out of the box.

The Eventys IP keyboard

The Eventys IP keyboard is an integrated network keyboard designed to work with the complete Eventys range when connected to one network installation.

4K support on the main monitor

Eventys AX supports up to 4K resolution for its main monitor output via HDMI or VGA interfaces.

Features overview:

- ✓ 4, 8 or 16 analog camera channels
- ✓ Signal transmission over COAX cable, HDTV encoder on board
- ✓ Additional 2x IP video input channels (max. 4 MP resolution) per IP camera
- ✓ Support for 4K video output (for 8ch & 16ch models)
- ✓ Full HD video output on board (all three models)
- ✓ 2 internal HDD, max. 6 TB per HDD, max. internal capacity = 12 TB
- ✓ Latest Linux OS on board with protection against Hacker attack
- ✓ Remote access via RAS, Internet or Smartphone (via FREE Eventys RAS software and Guarding Expert and Guarding Vision APPs)
- ✓ Configurable administration rights
- ✓ Dual encoding for bandwidth flexibility
- ✓ Panic button triggers higher quality recordings
- ✓ S.M.A.R.T. self-diagnosis fail-safe alerts operatives to take corrective measures
- ✓ Direct unit control and PTZ capability
- ✓ Record for more than a month in a single unit
