

PRODUCT LINE: ACCESS**PRODUCT NAME:** Omnis system**MODEL(S):** E2V and E2VL**CATEGORY:** Phase out**CONTACT:** Local tech support**DATE:** 2017-05-22

The E2V and E2VL are being phased out. Given current run rates, there is approximately four months of stock remaining for the E2V, and two months' worth of stock for the E2VL.

Product Name	Order Number	Stock Remaining	Replacement Product
E2V	VGBI:10527	981	V54503-C107-A100
E2VL	VGBI:10526	127	V54503-C107-A100

The replacement product is the E200 Door Controller, which is now is part of the Omnis SBSC approval 15-424. This means it can now be used in installations where SSF approved equipment is mandatory.

Since the E200 Door Controller fully matches the phased-out products in terms of functionality, no last time buy is planned.
