PRODUCT: ACTpro-1500 (V54502-C111-A100)
MODEL: ACTpro-1500 **CATEGORY:** Release
CONTACT: Vanderbilt sales and support **DATE:** 16-05-2018

ACTpro-1500 (Vanderbilt Material number V54502-C111-A100) single door IP controller will be available in all markets immediately.

The ACTpro-1500 is a rebranded version of the ACTpro_1500e, rebranded from ACT to Vanderbilt.

During the rebranding exercise we have taken the opportunity to add enhancements which were requested from the market. Two major enhancements are

1. **12-24V DC Support:** The ACTpro-1500 supports supply voltage between 12 and 24 V DC. Requested by the Vanderbilt Nordic sales team as the most important requirements.
2. **OSDP ready:** The ACTpro-1500 supports the NGCR reader and soon to be released Mullion readers. Requires ACT Enterprise 2.75 or later.
