

**PRODUCT LINE:** ACCESS

**PRODUCT NAME:** OMNIS

**MODEL(S):** E100 Central Controller

**CATEGORY:** RELEASE

**CONTACT:** Local Technical Support

**DATE:** 2019-01-07

E100 Central Controller is now released and replacing the E1 with immediate effect. With this release, the possibility to upgrade an E100-S to an E100 is introduced. The E100 is compatible with Omnis 6.2 or later.

**Note:**

- The E100 is not certified according to SSF in its initial release.
- The alarm transmitters RB120S and DALM3/5000 are shipped with a cable compatible with the E1. A separate cable should be ordered to be able to use the alarm transmitters with the E100.
- There is no price difference between the E100 and the E1.
- The FW versions of the E100 and E100-S have been harmonized, meaning they are the same. Customers already using the E100-S are recommended to check in with Technical Support for information about available FW versions.
