

PRODUCT LINE: ACCESS

PRODUCT: Aliro

MODEL: All **CATEGORY:** STATUS UPDATE

CONTACT: Local Tech Support **DATE:** 24-08-2018

With the release of ACT Enterprise, Vanderbilt will be streamlining its Access portfolios. Therefore, the Aliro series will be entering a maintenance mode with immediate effect, and Vanderbilt will be phasing out the Aliro system in Q4 2019. The Aliro web service center will be shut down on Q1 2020.

Aliro systems will continue to be available for purchase. However, it is recommended for customers to consider using ACT Enterprise for new system designs.

We will aim to communicate clearly and in a timely manner the phase-out plan. We regret any inconvenience caused to customers by this action. However, we believe that by focusing our efforts on ACT Enterprise, we will deliver a superior solution for our customers.
