- The original versions of the TA-1 and TA-T16 now have a purchasing block.
- They will be sold out for the remainder of 2019 and any leftover stock will be kept for warranty.
- The TA-1 has a direct replacement with the new TA-1 Plus. This will be available in January 2020.
- The TA-1Bus is a new product that interfaces to the E-Bus gateway via a SMT22. This will be available in January 2020.
- The TA-T16 has a direct replacement with the new TA-T16 Plus. This will be available in January 2020.
