SPC Connect Pro 3.9.5 is released from 15 February 2019. SPC Connect Pro 3.9.5 will offer support for the new SPC 3.9.1 firmware.

SPC Connect Pro 3.9.5 will also add two new features for management of SPC systems. The first is the creation of audio bundles. This will allow you to create an audio bundle within the SPC Connect Pro. This is an enhancement of the functionality previously offered in SPC Pro. [Learn more here.](#)

The second feature is the new configuration reports that will allow you to create reports for:

- System overview
- User summary
- Calendars
- Custom

The custom report will allow you to create a report to meet your needs. [Learn more here.](#)

SPC Connect Pro 3.9.5 will also allow for updates of configuration files from 3.6.6 or 3.7.1. [Learn more here.](#) As SPC Connect Pro uses automatic updates, customers will automatically receive this update.
