

**PRODUCT TYPE:** INTRUSION

**PRODUCT:** Seismic Test Tool

**MODEL:** GMXS9

**CATEGORY:** New Product Release

**CONTACT:** Local tech support

**DATE:** 2017-05-10

The Seismic Test Tool is a professional test tool for all Vanderbilt seismic detectors. The unobtrusive, simple to use device is suitable for steel and concrete applications, and ideal for customer demonstrations and handovers. It has long battery life expectancy and a battery monitoring facility, and excellent test distances (5m concrete and 2m steel). It is fully compliant with RoHS2 and REACH and stock is available from Week 20.
