

PRODUCT LINE: INTRUSION

PRODUCT: SPC Milestone Plugin

MODEL: SPC Milestone Plugin **CATEGORY:** Update release

CONTACT: Local Tech Support **DATE:** 16-05-2018

The SPC Milestone plugin allows users to trigger off events and control SPC systems from within the Milestone system. When installed, the plugin allows for a 30-day trial for up to two panels and will allow the display of areas, zones, doors, and outputs from the SPC system. The plugin uses FlexC to communicate with the panel. The license provides customers with 1-year support and availability to updates.

For users who currently are using Version 1 of the Milestone plugin, the updated plugin offers the following:

- Live status in the graphical map of
 - Areas
 - Zones
 - Doors
- Ability to trigger actions on SPC based on rules within Milestone
- Ability to use SPC events to trigger actions within the Milestone system

In addition to the new functions, Vanderbilt will be offering an additional licensing option for smaller systems. This new 5 panel license is offered at a reduced price point but offers the same functionality and operation.

The plugin is available from <http://van.fyi?Link=milestonespc>

The plug-in is compatible with SPC 3.6.6, 3.7.1 and SPC 3.8
