

**PRODUCT TYPE:** INTRUSION

**PRODUCT NAME:** SA100-AS

**MODEL(S):** SA100-AS Outdoor Siren/Beacon

**CATEGORY:** Quality Notice

**CONTACT:** Local Tech Support

**DATE:** 2017-03-23

The lamp has been replaced with high output LED's. Other features include factory fitted connectors for anti-foam and tamper monitoring, while current consumption has been reduced from 2.2A to 1.6A. The beacon is easier to install and includes an option for a flashing or fixed signaling state. All other features remain unchanged, and the new format will be produced in April 2017.
