

PRODUCT TYPE: VIDEO

PRODUCT NAME: Eventys EX16 NVR

MODEL(S): CRDN1610-PA

CATEGORY: NEW PRODUCT

CONTACT: Local Tech Support

DATE: 2017-04-04

The Eventys EX NVR range will be enhanced with a 16-channel variant. This model offers features such as a 16 built-in Power over Ethernet (PoE) interface, high reliable Central Processor Unit (CPU) performance to manage up to 16 channel recording in real-time and 1080p, fluent live images, and a monitor output of up to 4K resolution. Also, two Hard Disk Drive (HDD) kits, which can be mounted into Eventys recorders by installers or operators on-site, are available with attractive pricing due to a stock clearance. These kits are suitable for all Eventys recorder models.

Note: It is beneficial to order suitable recorder variants, irrespective of the recorder qualified hard drives, out of the same product portfolio from the Vanderbilt Video Product Line.
