

**PRODUCT LINE:** VIDEO

**PRODUCT NAME:** Vectis iX NVR Banking S/W  
R 2.13.1

**MODEL(S):** Vectis iX NVR, 16, 32, 48ch      **CATEGORY:** NEW RELEASE

**CONTACT:** Local Tech Support      **DATE:** 26-04-2018

This latest Vectis iX NVR S/W R 2.13.1 release specializes in banking features. This new product is now available and ready for download from SPIAP. The new software is available for free in SPIAP. This product is a good alternative to Vanderbilt's old SISTORE MX.

**Launch of new Vectis iX NVR Banking S/W Features:**

- Show/Hide Live Pictures when system is locked
- Support H.265 decode and recording
- Enhance Filter/Search for ATM transaction data
- Overwrite protection on alarm/event clips (by number or by days)
- Test recording function for banking
- Display ATM/POS recording info on volume
- Support .mkv format in Spooler which can speed up the time for video exporting
- Support alarm notification to Mobile app (new option in rule: "Send message to Mobile Client")
