Vanderbilt is pleased to release the new “SPC Milestone plugin support and updates license” for one additional year, as well as support and updates for the 5 SPC panel license V54549-P122-A100.

The SPC Milestone plugin allows users to trigger off events and control SPC systems from within the Milestone system. When installed, the plugin allows for a 30-day trial for up to two panels and will allow the display of areas, zones, doors, and outputs from the SPC system.

The SPC Milestone plugin license provides customers with 1-year support and availability to updates. The new license extension allows to extend the support and updates license with 1-additional year.

The plug-in is compatible with SPC 3.6.6 and later.
