

**PRODUCT LINE:** INTRUSION

**PRODUCT:** SPC

**MODEL:** E110

**CATEGORY:** UPDATE

**CONTACT:** Local Technical Support

**DATE:** 2019-2-22

Vanderbilt has changed the lock cylinder used in the SPCE110 Key switch to the KESO Universal cylinder type 23.008.025. The SPCE110 will now contain one key only for the KESO Universal cylinder. The SPCE110 is still compatible with KABA 1008c if you wish to change the cylinder.

This change will take immediate effect.
