CONTACT:	Local Technical Support	DATE:	19.03.2021

The new SPC Connect Mobile App 1.7.3 for iOS is now available.

The new release provides SPC Connect system users with enhancements that will improve the service offering to end customers. The iOS app will be released to the Apple App store on 19 March 2021.

The updates will then start to appear on customer devices.

New in this version:

- **Support for new push notification service provider**

Due to the End-of-Life of Apple's push notification service on 31 March 2021, Vanderbilt has made the necessary technical enhancements on the push notification service to provide system users with push notification support after 31 March 2021.

Recommended action:

System users are asked to update their iOS SPC Connect mobile App to version 1.7.3 before 31 March 2021 to receive push notifications from their system.

- **General bug fixes/improvements**
