Additional Information

Rules to expand an existing license:

- **2.75/2.76** licenses can be unlimited expanded (valid until 30 June 2022).
- **2.70** licenses can only be expanded with additional doors, cardholders or workstations. No function expansion is possible.
- **2.65 and 2.60** and older, no expansion possible. Update to current SiPass version required first (update and expansion can be ordered together).
