

PRODUCT TYPE: INTRUSION

PRODUCT NAME: Sintony series

MODEL(S): Various **CATEGORY:** END OF LIFE

CONTACT: Local Technical Support **DATE:** 2020-11-05

The purpose of this product announcement is to provide you with a final product status overview and recap summary for the Sintony portfolio.

Vanderbilt (Siemens Security Products) started the phase-out process for the Sintony portfolio in December 2014. The phase out date for the entire Sintony portfolio was announced as December 2017. Some Sintony portfolio products have extended past this date and the purpose of this product announcement is to outline final product status and recap on phase-out announcements.

PHASE 7: Product Last Time Buy

The table below shows the products that are currently at status 50 and the available stock. All stock must be sold by 18 December 2020 due to compliance reasons and the remaining stock will be added to the warranty stock levels or scrapped. This final action will result in warranty replacement articles for the Sintony portfolio.

This Phase 7 announcement supersedes all previous announcements.
