**B – Product description**

	<p><b>XT-Combi ISO Combi 2k, UHF + EV1</b></p> <p>The combi card (UHF + MIFARE DESFire EV1) is a battery-free UHF read only card, suitable for long-range applications. It is particularly suitable when a single card should be used for different vehicles, or when the card should also be used together with an access control system for people identification.</p>
	<p><b>XT-WIN Vehicle ID-Tag holder</b></p> <p>The product is an ID-tag holder aimed for the ISO cards. It is used for mounting ID-tags to the inside of the windscreens. The holder is fixed to the window with a transparent double-sided tape. The ID-tag is easy to insert and remove from the holder.</p>
